

Middlezoy and Othery Primary P.E Progression Grid

Throughout Physical Education, children will develop fundamental movement skills and become increasingly confident to access opportunities to develop their agility, balance and coordination. Children continue to build upon these skills and learn how to use them in different ways throughout their primary education. Children have the opportunity to develop their understanding of how their bodies change during exercise and how to live a healthy lifestyle.

Throughout the P.E learning, pupils will:

- develop competence to excel in a broad range of physical activities
- be physically active for sustained periods of time · engage in competitive sports and activities · lead healthy, active lives.

The following progression grids outline the skills and vocabulary to be taught across each phase. This grid identifies the skills that each year group/phase will be taught within Games, Gymnastics, Dance/Movement, Athletics and Swimming. Children should repeat these skills using a variety of different equipment.
